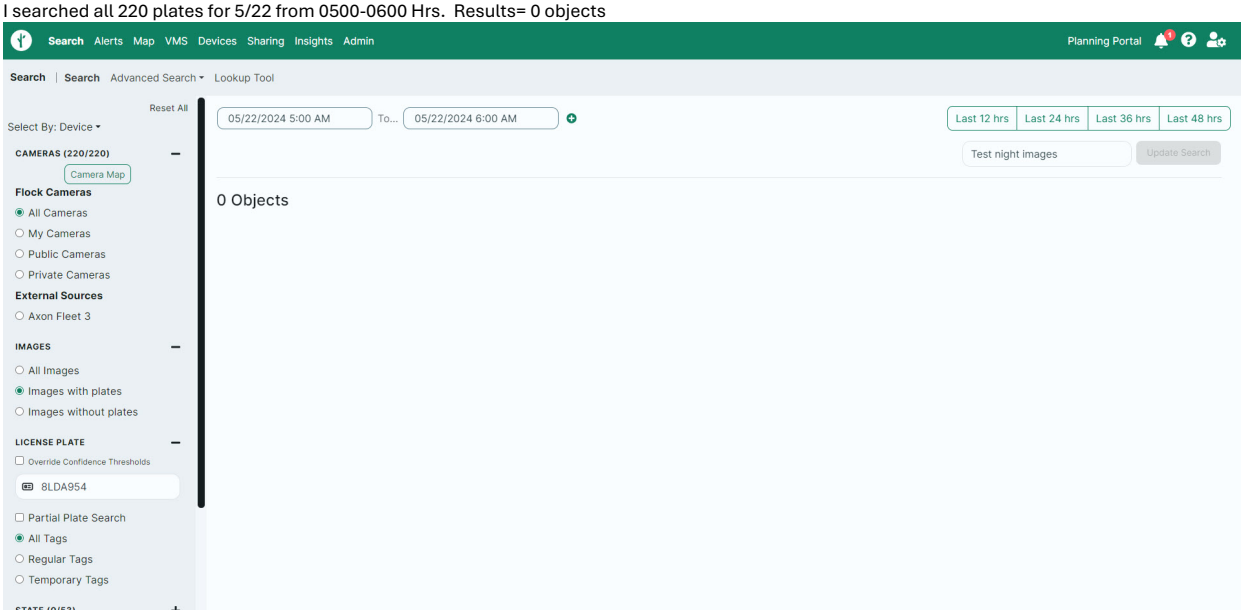
Flock Safety support,
I tested more cameras this morning for their in-ability to read night time plates.
Of the five cameras I passed, zero recorded my plate. That's a 0% success rate.

Plate 8LDA954
05-22-24
05:27:30 Hrs. Cam "015 WB Main (W of Ranch)" in #2 lane- Fail to read
05:29:52 Hrs. Cam "133 SB Miller (S of Orange)"-Fail to read
05:32:35 Hrs. Cam "135 SB Miller (s of Newlove)" in #2 lane- Fail to read
05:33:17 Hrs. Cam #04 WB Inger (E of Broadway)(HA)- Fail to read
05:33:52 Hrs. Cam "030 SB Broadway (s of Carmen)" in #3 lane- Fail to read.

I searched all 220 plates for 5/22 from 0500-0600 Hrs. Results= 0 objects



Also attached are the "all plates" for the various cameras at the times I should have been passing by.

Please add all these cameras to the list to be serviced.

Thank you.
